Clarifications

* Available at: <https://likumi.lv/ta/id/315304-epidemiologiskas-drosibas-pasakumi-covid-19-infekcijas-izplatibas-ierobezosanai>

** Calculation is based on the number of cases reported by the European Center for Disease Prevention and Control (ECDC) on the day of publication: <https://www.ecdc.europa.eu/en/geographical-distribution-2019-ncov-cases> . Data can differ from the national statistics.

*** Must comply with the requirements in the Clause 56 of the Cabinet's Regulation. If you are self-isolating and the 14-day cumulative incidence per 100 000 people of the country, from which you have returned, does not exceed 16 anymore, then you may stop self-isolating.
